Strategic Plan and Deployment Documents

Vision

We are firm in our belief that education is the obvious victim as well as the only tool to deal with, major socioeconomic challenges like gender discrimination, poverty, corruption, population, pollution, regionalism, caste-ism and drugs abuse etc. Any higher education institution therefore has a key role to play in dealing with these problems. A college acts as a grass root level unit to bring about social changes and social justice through creation and distribution of knowledge as on one hand it communicates directly with the young and aspirational local mass and on other hand with the academia. Keeping this in view the college works with the vision:

“To emerge as a leading institute in creating and disseminating knowledge and providing students a conducive learning experience in science, humanities, commerce and other areas of studies to develop critical thinkers and responsible citizens to best serve our society, nation and mankind”.

Mission

- To be a student centric institute.
- To undertake inclusive research and development.
- Prudent and accountable resource management.
- To empower women to assume leadership.
- To provide a context of learning that enhances professionalism, humanism and social responsibility.

Objectives: To achieve the vision and fulfill the mission statement, the college works toward the following objectives:

- Provide equal opportunity of excellent education to students coming from diverse sections of society
- Encourage innovative methods of teaching-learning for quality education
- Promote innovative ideas in research among faculty members and students
- Sensitize and escalate the sense of social responsibility among students toward alternate communities
- Build students' professional competence in order to acquire positions of leadership

Perspective Plan:

Long Term

- Fulfil all objectives and move towards holistic development of the institution
- Adopt more efficient eco-friendly practices
- Building an Incubation Centre
- Improve upon the infrastructure through modern equipment and other tools
- Create more infrastructure for differently abled
- Create Interdisciplinary Research environment for students

Short Term

- Cultivate proficiency in students through training and programmes in co-curricular involvements and cultural participation
- Improve social responsibility among all stakeholders through activities organised by various bodies
- Expand the alumni network for resource generation, students' internships and placement opportunities
- Promote collaboration with industries and other organisations for research and add-on courses for the students for skill development and enriching academics
- Embrace complete digitization in E-governance, especially in the post-COVID era
