Career counselling session on “Higher Studies options for Science graduates”

On 15th December 2017, the Career Counselling Cell of Government P.G. College organized a program on higher studies options for science graduates. The speaker for the program was Dr. Balwant Kumar, Assistant Professor, S.S.J. Campus Almora. The program aimed to provide guidance to science graduates on their higher education options and the various career opportunities available in their field. The session was attended by a large number of students from various science disciplines, who were eager to learn more about the available options. Dr. Balwant Kumar began the session by introducing himself and his background in the field of science. He then provided an overview of the various higher studies options available for science graduates. He spoke about the importance of pursuing higher studies and the benefits it can bring to one's career. He also highlighted the different types of higher studies programs available, including Masters, Ph.D., and Postdoctoral programs.

Dr. Kumar also discussed the various career opportunities available in the field of science and how higher studies can help students prepare for these opportunities. He spoke about the different sectors where science graduates can find employment, including research and development, academia, government organizations, and the private sector.
