Helping People in Community Health Center Bazpur

On 30-8-2019, the NCC cadets of Government P.G. College Bazpur carried out a noble initiative to help the workers and people at Community Health Center Bazpur. The cadets helped spread awareness about health issues and also assisted the workers in providing aid to patients. The cadets visited the Community Health Center Bazpur, where they met the workers and the patients. The cadets assisted the workers in providing basic aid to patients, such as taking their temperature, checking their blood pressure, and helping them with their daily activities. The NCC cadets also helped in maintaining the cleanliness of the health center by sweeping the floors, dusting the furniture, and organizing the medical equipment. They also interacted with the patients, listening to their problems, and providing them with emotional support.
