**Fourth Student Orientation Programme**

**On  
26 November 2022**

**Organized by**

**Internal Quality Assurance cell (IQAC)**

## **OBJECTIVES OF THE PROGRAMME:**

A proactive and engaged student is one who is knowledgeable. New students must therefore be introduced to the procedures and environment of the college at the start of the academic year. IQAC of Rajkiya Mahavidyalaya Bazpur proposed an orientation session for newcomers with this objective in mind. The Student Orientation Programme is structured around three main goals.

- Introducing students to their college life.
- Incorporating students in the college environment.
- Giving the opportunity to the faculties to get connected to the new students.

## **THE CONTEXT**

Secondary schools and institutes of higher education have extremely different structural and operational frameworks. It may be challenging for first-year students to comprehend the roles and responsibilities of the different committees, cells, departments, and college faculties. After learning about the difficulties first-year college students experience, IQAC suggested an orientation workshop for the students. On August 8, 2019, the first orientation programme was held. Since that time, the college has continued to hold this programme each year. This program's goal is to introduce our new students to the academic and organisational structure of the college. By educating students about the various resources, fellowships, courses, and activities that universities have to offer, this endeavour aims to bridge the intellectual gap between high schools and colleges.

### **The Programme:**

The principal addressed the new pupils in a welcome speech at the start of the programme. In the well-run meetings, each speaker was given ten minutes to speak. All presenters were reminded to use clear, precise speech throughout their talks. The college's achievements, values, vision, goals, future plans, teachers, and departments were all briefly discussed with new students. Students were also made aware of the facilities, events, and extracurricular activities that the college offers.

### **First Session: Inauguration and Introduction of College Faculty**

In this session students were introduced to the faculty members.

Following speakers addressed the audience in this session

- Dr. Manuhar Arya (Principal Incharge): Welcome Speech

It is another significant component of orientation is to enlighten students about how the college operates by providing information about significant committees and cells.
