Awareness Program On Environmental Issues Organized by-NCC drive

On 24-11-2019, the NCC cadets of Government P.G. College Bazpur conducted classes in St. Maria School. The cadets taught the students about environmental issues and also introduced them to Vedic math. The classes began with a brief introduction to environmental issues and their impact on the planet. The cadets discussed topics such as air pollution, water pollution, deforestation, and climate change. They also spoke about the importance of protecting the environment and the role that individuals can play in this regard. After the environmental classes were over, the cadets introduced the students to Vedic math. They explained the basic principles of Vedic math and how it can simplify mathematical calculations. The cadets also demonstrated some Vedic math techniques and showed the students how they can be applied to solve complex problems quickly.
