The main objective of the program was to promote cleanliness and create awareness among people about the importance of keeping the city clean. The program was started early in the morning, and members of the NCC unit and Mahila Mandal Samiti Samaj actively participated in the program. The program started with a cleanliness drive, where the NCC cadets cleaned the streets, parks, and public places of Bazpur city. The NCC cadets also took the initiative to educate people about the importance of cleanliness and how it can benefit the overall health and well-being of the community. They distributed pamphlets and held discussions with people to raise awareness about the significance of cleanliness and how to maintain it in their daily lives.

### Cleanliness Drive - Government Primary School, Rani Nangal

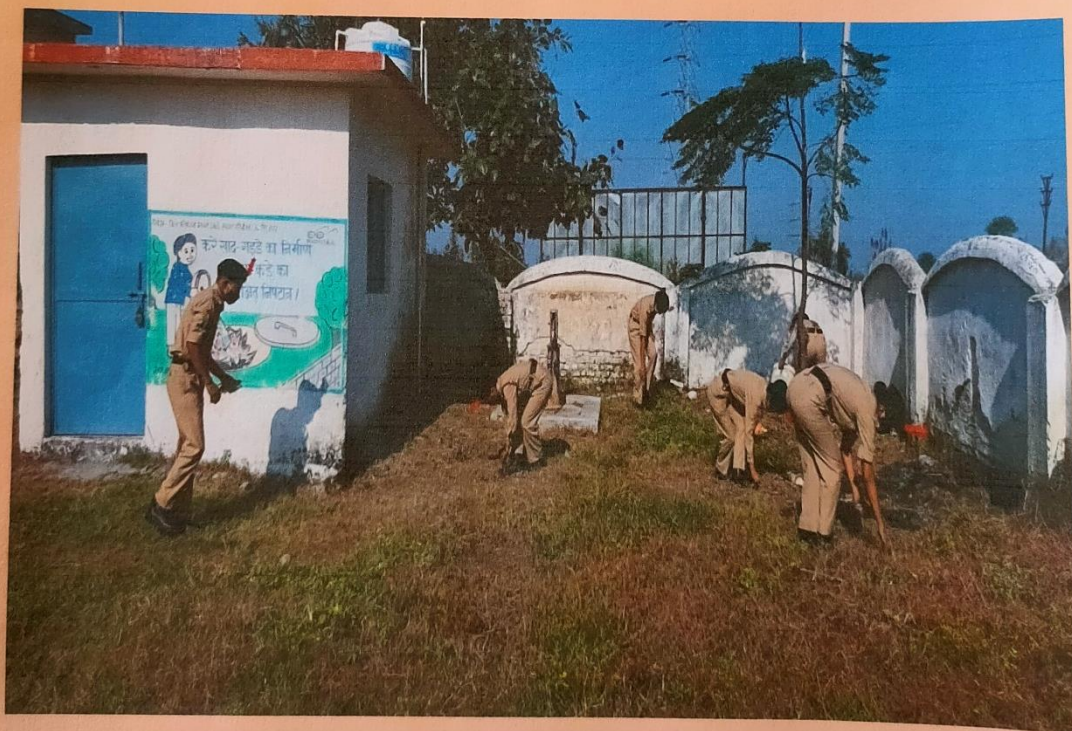

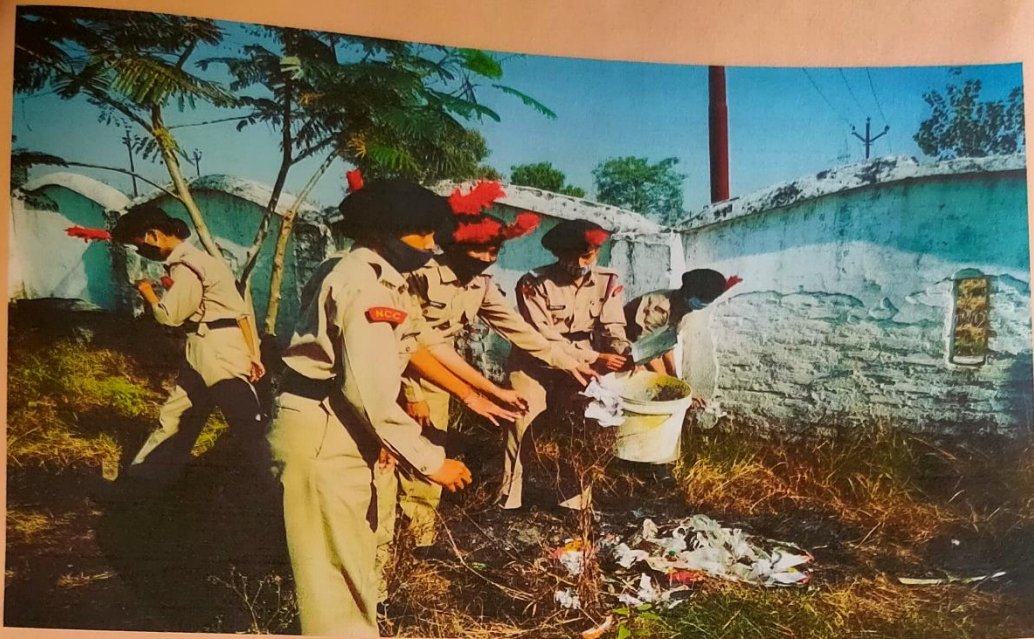

On October 31st, 2021, NCC cadets from Government P.G. College organized a cleanliness drive in the campus of Government Primary School in Rani Nangal. The cadets worked diligently to clean up the school premises and ensured that every nook and corner of the campus was free from litter and debris. Apart from cleaning, the cadets also took care of the trees and plants by watering them. This small act of kindness showed their dedication towards environmental conservation and sustainability. The principal of the school was extremely appreciative of the NCC cadets' efforts and thanked them for their hard work. The event was a great success, and the cadets set an excellent example for others to follow. Such activities help inculcate values of responsibility and empathy in young minds, which is essential for the holistic development of our society. We hope that this initiative inspires more such actions and encourages others to take up similar projects in their communities.
