M.A.- Sociology

Program Outcome:

- The M.A. program was introduced with a vision to strengthen the teaching and learning practice of Sociology in its foundational and emergent areas of inquiry.
- The curriculum of the program was developed with a view to develop sociological imaginative capacities among learners through a combination of courses dealing with the conceptual, methodological issues and focussing on the interlinkages between political, economic, religious, educational, environmental and other aspects of social living.
- The pedagogical practices also utilise an inter-disciplinary framework combining classical approaches in conjunction with emerging areas of research.
- A combination of participatory, experiential and creative pedagogy is used for transacting the curricula with a view to fostering dialogue, mutual learning and critical reflection.
- By this Program Student will be able to understand the basic concepts of Research.
