Session: 2024-25

Name of the Department: Department of Physics

Name of the Event: Effective Communication in Physics: Hands – on Power Point Training

Date of the Event: 16/11/2024

The Department of Physics, Government P.G. College Bazpur, successfully organized a hands-on training program titled "Effective Communication in Physics: Hands-on PowerPoint Training" on 16th November 2024. This program was specifically designed for B.Sc. and M.Sc. students, aiming to enhance their communication skills through effective presentation techniques.

During the session, students were introduced to essential PowerPoint skills, including slide design, effective use of visuals, and structuring presentations for clarity and impact. The interactive program allowed participants to practice creating slides relevant to their academic and research needs in physics.

The students actively engaged in the exercises and expressed their appreciation for the opportunity to learn a practical skill that is crucial for academic success and professional development. By the end of the program, they demonstrated a clear improvement in their ability to create impactful and visually appealing presentations.

The training was a significant step toward equipping students with the tools needed for effective communication in physics, and it concluded with positive feedback from the participants. The department plans to conduct similar workshops in the future to continue fostering skill development among students.
