## Analysis of Student Feedback 2023-24

The students were asked to give feedback on the teaching learning process, infrastructure and the overall experience. This is a survey response from students, providing feedback on various aspects of the college's facilities, teaching-learning process, and overall experience.

Key Points

- Students generally have a positive view of the teaching-learning process, with most agreeing that the process helps in their overall development and inculcates important skills.
- The college's infrastructure and facilities like sports, NCC, NSS, medical, internet, canteen, and security services are rated as good to average by the students.
- Students are generally satisfied with the library facilities, staff, and access to online resources.
- The science laboratories are well-equipped, accessible, and have cooperative staff.
- The office services and responsiveness to student queries and requests are rated positively by the students.

4. Washroom Hygiene
- Requests for regular cleaning and maintenance.

5. Wi-Fi Connectivity
- Improvement in coverage and quality for better access during classes.
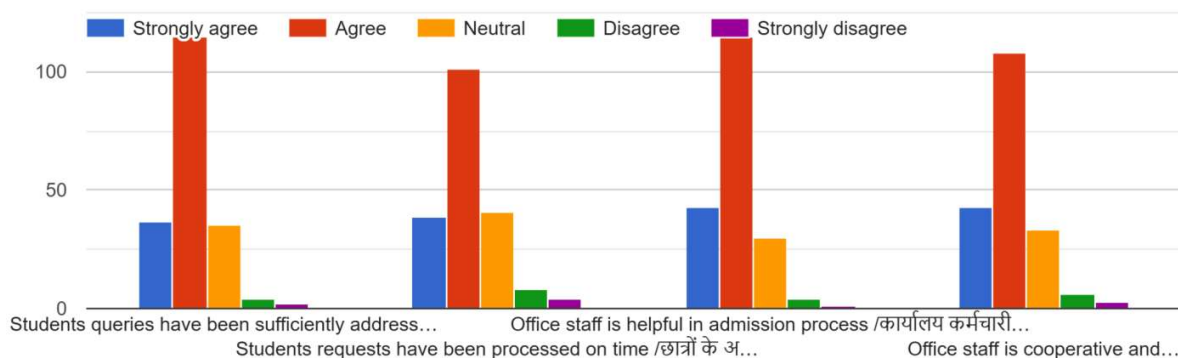

OTHER BASIC FACILITIES /अन्य बुनियादी सुविधाएं

6. Infrastructure
   - General need for better facilities across various areas, including sports.

7. Student Discipline
   - Suggestions for enforcing attendance and uniform policies.
   - Calls for more structured rules and regulations.

Office Services / कार्यालय सेवाएँ

8. Communication and Support
   - Importance of teachers being approachable and maintaining a supportive environment.

What areas of infrastructure, do you think need to be improved? /बुनियादी सुविधा के किन क्षेत्रों में आप सुधार की आवश्यकता महसूस करते हैं?

191 responses

Area	Responses
Library	68 (35.6%)
Science Laboratories	28 (14.7%)
Classrooms	57 (29.8%)
Canteen	105 (55%)
Wi-fi	104 (54.5%)
Washroom	67 (35.1%)
ICT Infrastructure	22 (11.5%)

Conclusion

The feedback indicates a mix of satisfaction with current facilities and a clear demand for improvements in specific areas, particularly in library resources, canteen services, and overall cleanliness. Students also highlighted the need for better communication and discipline within the college environment.
